Case Management Portal (CMP) Overview

Purpose of the system

The Palco Case Management Portal is a suite of applications that each serve a unique purpose and audience while working together seamlessly to capture and store information. This guide will cover the main components of the CMP Admin suite that is accessed by professional users External State and Program staff can utilize the Palco application to view information and help them manage the participants services. CMP is accessible 24/7 and uses proprietary cloud-based software.

Palco Case Management Portal (CMP)

Conduent to process enrollment forms.

Certain aspects of the CMP system may be configured with program specific details that differ slightly from the screen shots and information in this guide. Please note, this guide is meant to serve as a general guide and tool for navigation. For program specific questions, speak to you Palco Account Manager.

Caseload Permissions and Management

Caseload Administrator Overview

The Caseload Administrator allows certain users of CMP to add and delete caseloads for Support Coordinators, Independent Living Counselors, and Case Managers across the various programs. Depending on a user's role, the records they can see in the system may be limited to just those within the scope of their caseload. To access the Caseload Administrator, a user's individual permission set must have access to this feature. If you have questions, speak to your Palco Client Engagement Specialist/Manager.

Managing Caseload Assignments

To add a current member/participant to a user's caseload, you must select the user you wish to add members to. After selecting the user, search for the member and click add.

In some cases, multiple participants can be reassigned to other counselors/case managers. By clicking on "Reassign Participants," you can select multiple participants and assign those to another user.

Navigation

Accessing the Portal

Navigate to <u>https://cmp.palcofirst.com/</u> and enter your email and password credentials. New users will be given credentials during enrollment once they have a client with Palco. For help registering or issues please email <u>enrollment@palcofirst.com</u>

Searching

Once you are logged in, use the **"Search"** box that the top to locate the Member you would like to access. You can search by first name, last name, Social Security Number (no dashes), or PALCO ID number.

| Search Within Results | | | | | | | |
|-----------------------|--------|----------|-----------|---------|--------------------|--------|--------------|
| - | ID | FIRST | LAST | PROGRAM | ROLE | STATUS | PARTICIPANT |
| iew | 085870 | MARGARET | LMARGARET | OH_COA | participant | | Self |

| iew | 064017 | MARGARET | LMARGARET | OH_COA | worker | | BETTY LBETTY |

Once you search, a box will pop up with a list of individuals who match your search criteria.

Choose the record you would like to access by clicking **"View"** on the left-hand side next to the record you would like to see. If you receive a large number of results, try narrowing your search by adding more detail to the "Search Within Results" field or by sorting the columns to help you find what you are looking for.

If the record you are looking for does not show up, you may not have permission to view it. Speak with a Supervisor at your agency or contact PALCO for assistance.

Navigation Tabs

Once you access the record, you will see several tabs to where information is stored. You can navigate to different tabs by clicking on them. Depending on the profile's role, you may see different tabs on the record. For example, only an Employer records display a "Employer Cost" tab.

Once on a tab, certain tabs may display additional sub tabs of information. Navigate through to find the specific details and information you are looking for. For example, the Member Info tab contains several sub tabs such as Personal Info, Contact Info, and Program details.

| Tab | Function |
|---------------|--|
| Member Info | General contact information regarding the individual. |
| Enrollment | This will allow you to view the status of the Members enrollment with PALCO. |
| Budget Info | Shows current budget and historical budgets |
| Account Info | This tab will allow you to access time sheet history, utilization report and payments made to attendants. |
| Employer Cost | View the employer's cost and worker's tax exemptions. This helps in calculating and assessing budgets. |
| Rate of Pay | View a worker's rate of pay for each service authorization. |

Profile Menu and Case Status

Every CMP record will have a profile menu at the top of the page which provides a quick snapshot to their information and case status. In this section, important details like the Palco ID, program assignment, and their role are visible.

Program

The program listed at the top of each profile corresponds with the specific program they are enrolled in.

Roles

In Palco's CMP, a person may have more than one profile. A worker has a profile for each participant for which they provide services. An employer has a profile for each participant for which they serve as the EOR (including themselves, if that's the case).

The profile menu lets you quickly move between these different roles by using the "**ROLES**" dropdown. This drop-down list displays the profiles related to the individual you are currently viewing on the screen. It also includes past roles for the individual. An example of a past role is a person who has worked for other participants and is no longer employed with them.

Case Status

An individual's current case status in CMP is always in the upper left-hand corner of the profile on screen. A person who has different roles may have different statuses for different roles. Clicking on

the status in this area shows more detail about the individual's status for that role. It shows a history of statuses, who entered the status, and the date that each status took effect.

In the example below, we see that Bobbie's status was pending on 10/15 and then Bobbie became active on 11/15. We can also see when these statuses were entered into CMP, and who put them there.

Case Status Definitions

The following table lists Case Statuses that you will see for different types of profiles in CMP.

| 5 | | |
|-------------|-------------|--|
| Role | Case Status | Meaning |
| Participant | Active | Participant is fully enrolled and able to receive services. |
| | Terminated | Participant has been removed from the program and can no longer receive services as of the effective date. |
| | Pending | Participant is in the process of enrolling. |
| | Deceased | Participant has passed away. |
| Employer | Active | Employer is fully enrolled. |

| | Terminated | Employer is no longer active as the employer for the Participant. |
|--------|------------|---|
| | Pending | Employer is in the process of enrolling. |
| | Deceased | Employer has passed away. |
| Worker | Active | Worker is fully enrolled and able to be paid. |
| | Terminated | Employer has terminated the worker, or the worker has quit. |
| | Deceased | Worker has passed away. |
| | Pending | Worker is in the process of enrolling. |

Members

At the top of each CMP profile is a bold link called "Members." Click or tap this for a full list of profiles related to the individual you are viewing on the screen. For example, if you are looking at a participant, clicking/tapping "Members" brings up a list of all their workers and the employer.

| Status | Description |
|--------------|---|
| Initiated | The enrollment shell has been created and demographic information is being updated for packet generation. |
| Opened | The packet has been sent to the enrollee either online or via a packet download and is awaiting their response. |
| Under Review | The enrollee has completed their forms online and they are being reviewed by a Palco enrollment specialist. |
| Approved | The enrollment is complete, and the good-to-go notification has been sent. |
| Needs Action | Forms and/or necessary information are missing from the submitted packet and outreach has been completed to inform the enrollee of what is needed. |
| Rejected | The enrollment was stopped due to a failed background check that deemed the worker as not eligible for hire. |
| Closed | The enrollment has been stopped and will not continue. |

When the enrollment details are displayed, you will see the following:

- Summary of completion for each section of the enrollment
- Form Summary (bottom)

To view an individual document, click on the arrow icon on the left and it will download. You can also view the status of each document to determine if corrections are needed and the date/time the document was submitted to Palco.

Budget Info

An active approved Budget is required for every participant before services can be performed. In CMP, Budgets are entered on the participant profile, where they can be updated, reviewed, and revised as the Budget takes form. To view the current budget in the system for the Participant, navigate to the Budget Info tab and click "view" next to the budget you want to see more details on. Additional details like services authorized and budget amounts can be seen within the additional screens.

Information specific to the Colorado CDASS program that details how to view Monthly Member Expenditure Statements (MMES) in the Palco CMP system can be found in <u>Appendix B</u>.

Employer Cost (Employer)

The Employer cost tab show the taxes and fees which are 'added on' whenever pay is issued for a worker. It can only be viewed from the employers' record within CMP. Information related to the employer-worker relationship which includes <u>tax exemptions</u> including FICA, FUTA, and SUTA rates is also viewed on this tab (example: spouse employed by a spouse is exempt from FICA, FUTA, and SUTA).

There are four standard kinds of employer taxes,

- FICA, which is Federal Income Tax
- FUTA, which is Federal Unemployment Tax
- SUTA, which is State Unemployment Tax
- WC, which is Workers Compensation (does not apply to all programs)

The Quick View tab displays a glance at the employer cost and any specific worker costs on a specific date.

Pay Rates (Worker)

The Pay Rates section in CMP is where Rates are entered for workers. Professional users may or may not have access to this tab dependent on their individual program configurations. Pay rates only applies to services which are entered on a timesheet or submitted via a time capture application (like electronic visit verification EVV). Pay Rates are created in CMP on a worker-by-employer basis. A current rate for each worker and the services they perform must be in the system for payment to process. For convenience, CMP splits employee pay rates into two different tabs, current rates and rate history.

The Current Rates tab shows the effective rate at the present time. Rate History shows all rates of pay, including current rates.

Each worker pay rate in CMP has the following information:

- The type of service and code
- The Rate and Overtime Rate
- The effective (start) date
- The end date for the rate

Within the Rate History tab, users also see:

- The user who entered the pay rate into CMP
- The date the rate was entered

Appendix A- CDASS Budget Entry (Colorado)

For the Colorado Consumer Directed Attendant Support Services (CDASS) program, Palco provides a user interface that allows Case Managers a mechanism to enter and submit budgets (allocations) to Palco. This section will cover the process for entering a new budget (initial or renewal) and the process for entering a revision to an active budget. This process should always be followed in conjunction with the entry to the State authorization system.

Entering a New Budget

- 1. Locate your client using the Search feature.
- 2. Click on the "Budget" tab on the left side.
- 3. Click "Add New +" at the top to start a new budget / authorization.
- 4. Enter the dates for the CDASS period identical to your authorization from the bridge.

8. Once submitted, the status changes to "Under Review" which has replaced the "Submitted" status. Under this status, Palco is reviewing the PAR Worksheet. Case Managers should check back the next day after budgets have been submitted to see if they have been approved by Palco.

Rejected Budgets

1. Sometimes a budget is submitted that is rejected by Palco. When the request has been rejected, a **"Rejected"** status will appear as well as the reason for the rejection.

MMES USER GUIDE FOR CASE MANAGERS

Monthly Member Expenditure Statement (MMES)

All CDASS members receive an MMES report each month that provides a breakdown of spending and details their CDASS budget reserves. Furnishing the MMES is a contractual obligation and is critical to providing the Member/ Employer with visibility of the spending and budget reserves. The Member/Employer must review for accuracy and is responsible for their allocation management. Palco's MMES is available to Employers via Connect and to Case Managers via CMP. Training materials for Employers are available on our website. The MMES will be available 24/7 and will display the previous month's data by the 15th of each month. Data shown will always be reflective of only the services processed and paid. Case Managers will be able to view the MMES via CMP and will not be emailed a copy effective January 2023.

Budgets for Colorado are an annual budget (typically 12 months) that is distributed equally across the number of months in the certification period, creating a monthly budget. Any money not used within the month can be utilized in a future month as long as it falls within the certification period and follows the parameters of the CDASS Overspending Protocol – this is commonly referred to as **reserves**. Any money not used by the end of the certification period is returned to Medicaid.

Using CMP to view the MMES - Professional Users

 After searching for a participant in CMP, the user can navigate to the MMES by selecting the "Account Info" tab and then selecting the "MMES" subtab.

"Month" indicates the specific month the spending correlates to.

"Account Group" will identify the specific budget the spending is from. SLS waiver participants will see a specific HMA budget if applicable.

"Allocation" provides the total monthly funds that were available that month.

"Expenditures" shows the total amount spent that month. Only fully processed/paid timesheets will display.

"Employer Costs Withheld" displays the employer taxes that were collected for the month. This amount is already reflected in the total displayed in the "Expenditures" column.

"Balance" displays the total funds left at the end of the month. This money becomes the members' "reserve funds," which can be used in a future month during the same certification period, with Case Manager approval. If overspending occurred, a negative number will display.

"Percent Utilized" provides the percentage of the total monthly budget that was used for tracking in accordance with the overspending protocol.

The MMES is available to the employer in Connect and provides key details for the Member/AR to monitor and track the spending that occurs during their certification period. To access it, the employer should navigate to "Spending" from the top tool bar and click on "MMES."

Appendix C-Viewing Carryover Fund Totals

For the Kansas WORK program members, monthly allocation funds not spent 45 days after the end of a pay period will be moved into a carryover account. At the end of each quarter, any amount above 15% of the discounted monthly allocation (1 month) will be refunded, (referred to as "swept") and returned to the MCO. Members may use carryover funds for specific purposes documented on the Individualized Budget ("Use of Carryover Funds") approved by the MCO. These funds can be viewed in both CMP for professional users and in Connect for Employers.

Viewing Carryover Funds in CMP

- 1. Locate your client using the Search feature.
- 2. Click on the "Budget Info" tab on the left side.

3. This will display the budget history. Select the most current budget by clicking **View** which will be located at the top of the page.

Appendix E– CMP Reports

The Palco Case Management Portal (CMP) was designed to serve as the repository for all program participant-related data and program and Palco business rules. It also allows for several reports to be accessed from any screen in CMP. These reports are only available to those with certain permissions.

Running Reports

To start, log in to CMP and select "Reports" on the left-hand side.

When selected, a drop-down box will appear with a list of categories. When a category is selected, a list of reports related to that category will be displayed. Each report will have different sets of data to input to acquire

When you hover over the reports, a popover or tooltip will display giving a brief description of the report and the information it will deliver.

Example of the Timesheet Report

After the parameters have been entered, click "Run Report" on the right. The system will gather your report details and display them on the screen. Depending on the volume of data you're pulling, the results may display quickly or take a few minutes. If you are having issues getting results, check the parameters you have entered for accuracy.

After you have your results, you can view them on the screen, or you can export them to Excel. To export, click "Download CSV" and the report will be downloaded. Some reports will also be available to download as a PDF. This depends on the number of columns and results of the report. To export to PDF, click "Download PDF" when available.

List of Reports

| Report Title | Description |
|-------------------------|---|
| Active Enrollments | The Active Enrollment report identifies CMP Members (Participant, Worker, or Employer of Record) active during the date range specified along with their current Case Status. Users enter a role and a date range to see Members active during that time. |
| Authorization Report | Authorizations in CMP are specific services and goods budget categories. The Authorization Report allows end users to pull both broad and refined lists of Authorizations from CMP. Congruent with the User's Role and scoped permissions, users may search for data |

| | across entire programs and with widely defined budget date time frames. |
|--|---|
| Budget ISSP Creation from PAR Report | This report is specific to the CO CDASS program and provides details from the external Case Manager budget worksheet which allows them to generate authorizations via the Palco system. |
| Employer Rate and Registration Report | The Employer Rate & Registration report lists Federal and State tax rates, unemployment insurance costs, and worker's compensation costs for Employers. These rates are applied to worker wages based on program, state, and federal requirements. |
| EVV Registration | The EVV Registration report provides a list of workers and details about the worker's EVV compliance. It shows if the worker is required to use EVV, and if so, how they submit their time. It is particularly useful in gauging overall compliance and narrowing down workers who are out of EVV compliance. |
| EVV Exemptions | The EVV Exemptions Report provides NM State Staff and MCOs with information on Participants who are EVV Exempt and when the exemptions expire. |
| Member Contact | The Member Contact report shows current contact information for Participants, Workers, or Employers of Record. Palco maintains physical and mailing addresses, email addresses, and phone numbers. |
| Member Statuses | Member statuses produces a list of participants, employers of record, and workers with their Case Status as of the date selected by CMP End User. Member statuses help CMP users understand which Members are currently active, inactive, or pending. It shows how long a Case status has been in effect and helps CMP users review historical statuses. |
| Missing Timesheets | The Employee Missing Timecard report provides a list of active workers who did not submit a timecard for a specific pay period. |

| Nursing Facility Cost of Care Detail | Compares Budgetary information to Nursing Facility Cost of Care by member |
|---|---|
| Nursing Facility Cost of Care Summary | Provides summary date of budgetary information for all members in relation to the Nursing Facility Cost of Care |
| Participant Support | The Participant Support report lists all participants within a Program and their immediate support within that Program, be that a Case Manager, Support Broker, or other support role. |
| Payables Register | The Payables Register lists payments and reimbursements to Vendors for services and goods different than timesheet and timecard entries. It includes all payments within the service date range selected, including those in progress and rejected. The report includes Participant, Employer, and Payee IDs and Names, the service and cost, the Payable's present status, and additional reference information. |
| Payment Method | The Payment Method report identifies how Workers, Participants, and Employers are paid, if they receive paper checks or electronic deposits for funds sent to them. Account details are not displayed |
| Payroll Register | The Payroll Register report shows information about what was paid to workers on a given pay period, including deductions and exemptions and the payment method. CMP Users can specify a date range for inclusion, as well as limit results to a specific Participant or Worker. This report produces summarized pay information and calculates gross wages overall. |
| Payroll & Tax Info | The Payroll and Tax Info report displays rates, exemptions and other statuses that affect a worker's Payroll and Tax withholdings. The report includes factors affecting pay, such if the worker is exempt from Overtime pay and Difficulty of Care. |
| Start Date Report | The Start Date Report shows two types of Start Dates. It shows the original date that a Member (Participant, Employer, Worker) started in a Program, and it also shows a 'Restart' date, which is the most recent date the Member became active again. The Restart date is |

| | shown whenever a Participant, Employer, or Worker's profile has changed from Active to Inactive and back to Active. |
|--------------------|---|
| Timesheet Report | The Timesheet Status report gives CMP users the ability to see the bigger picture and overall progress of timesheets within a Program. It also gives CMP users shift level specifics across a range of workers, employers, and participants. This report lets the user narrow down results listed by Timesheet status. In doing so, the user can isolate timesheets with concerns or that need action such as Worker or Employer review. If the timesheet failed, the reason for that failure is identified. |
| User Demographics | The User Demographics report shows essential and basic information about Participants, Employers of Records, and Workers. This report identifies the name, relevant IDs, current Case Status in CMP, gender, zip code, and date of birth of the Member listed. Workers on the list also show their relationship and shared dwelling status with participant. |
| Vendor Info Report | The Vendor Info report is a demographic report containing active, complete Vendors in CMP. Vendors are individuals and companies that produce an invoice or bill for payment, or where reimbursement is needed. Importantly, this report also lists the Vendor's tax ID. |

Appendix F – CO CDASS CMP Dashboard

For case managers of the Colorado Consumer-Directed Attendant Support Services (CDASS) program, Palco has added a new dashboard to the home page in CMP.

Active Members dashboard will show the active members in the case manager's caseload. The "Info" button will direct the user to that specific member's profile in CMP.

Members with Expiring Budgets dashboard will list out the participants in the case manager's caseload whose budget is within 60 days of expiring. "Info" will jump-to that specific member's profile in CMP.
